BIASP Exec Message

Dr Liz Warburton
BIASP President-elect

Dear All,

To say 'there is a lot going on' must be the understatement of the year!

To stick to matters BIASP; a big 'shout out' to those working in Kent during the sudden meningitis outbreak - we really hope this is contained and subsides quickly; it must be a stressful time on top of an extremely busy period.

I'm doing stroke rehab at the moment; - once I get into the rhythm of the ward its always enjoyable and I love working with the therapy team. I find there are always interesting cases, lots of teaching opportunities and many more portfolio rehab trials which is great to see. Im so impressed by how the staff are trying to implement the new rehab targets without extra funding -this I can only describe as improvisation - but it works! Once the ward has a more active focus with patients engaged in more groups, families helping, more tech-based therapy etc the environment of the ward transforms. This needs our clinical leadership to encourage. A downside is of course the proportion of patients 'waiting for discharge'. This reflects a major issue across the whole NHS; the Casey review of social care is ongoing -hopefully this will lead to a cross-party consensus and some long-awaited action. I'm certain BIASP will feed into that at every opportunity.

With all good wishes,
Liz

BIASP Finance Update & Fee Changes

Notice from the demitting Treasurer & President-elect Dr Liz Warburton:

I'm delighted Dr Raj Shekar has been elected as the next Honorary Treasurer of BIASP - I will be handing over to him over the next few weeks; Raj is warmly welcomed to the BIASP Exec and I'm sure he will do a great job for us.

He will be ably supported by the Fitwise finance team and I would like to put on record my huge thanks to Paul and Gosia who ensure the smooth running of the day to day finances and have helped me enormously with the role.

The finances of BIASP are on a secure footing. Our accounts have been successfully audited, and we have recently done some planning for the next financial year. There has been no increase in our membership fee for many years.

Pressures on our finances come from two main sources - one is cost increases at Fitwise our management company (inflation and NI increases), second is any income to BIASP from the UKSF can no longer be guaranteed.

To this end the Exec have agreed we should increase the membership fees for Full members to £205 and Associate members to £40. There will be no increase for any other membership categories.

Details of these changes are being worked through currently.

Please do remember to claim the income tax back on the membership fees!

BIASP Sustainability Update

Dr Bethan Davies
Sustainability Lead

This month Dr Davies has given an update on the following:

- What we're doing
- Read
- Watch
- Take action

[CLICK HERE](#) to read the report

BIASP Sustainability Subcommittee New Members Wanted

The **BIASP Sustainability Subcommittee** is recruiting new members to help drive our work on **environmental sustainability in stroke care and in BIASP's own activities**.

We welcome applications from **full, associate, affiliate, and medical student members** of BIASP.

You do not need to be a senior clinician or a sustainability expert – enthusiasm and willingness to contribute are most important, and the work is well suited to **students, trainees, and allied health professionals**.

Current priorities include:

- Supporting **sustainable BIASP meetings and events** (e.g. travel guidance, plant-based catering, UKSF and the Trainees' Meeting)
- Updating and implementing BIASP's **sustainability policy** and carbon-footprint work
- Developing **educational and promotional materials** (web content, blogs, short videos/slides) on sustainability and stroke

To apply, please email admin@biasp.org with a brief statement (150 - 200 words) on why you are interested and what you would like to work on.

[CLICK HERE](#) for the application form

If you are not yet a BIASP member, you can **join first**; membership is usually approved within a couple of weeks.

UK & ROI Acute Stroke Simulation Course

UK and ROI Acute Stroke Simulation Course – 2025 Update

2025 has been another highly successful year for the UK and ROI Acute Stroke Simulation Course. Over the past year, we delivered 12 courses across England, Wales and Ireland, training 125 healthcare professionals. A particular highlight was the delivery of our first Irish stroke simulation course, held in Waterford in May. We are now working closely with colleagues in both Wales and Ireland to develop a strategy that will support the expansion of further courses in both countries.

Feedback from participants continues to be extremely positive. One recent attendee commented:

"I thought this was wonderful. It has been massively helpful to me and improved my perspective and confidence. This kind of multidisciplinary course, with participants at varying levels of seniority, is exactly what's needed to develop emergency and on-call stroke skills. I was very nervous beforehand as I wasn't sure what to expect, but that wasn't necessary at all. The faculty were incredibly welcoming and skilled at facilitating feedback and discussion — you would think they had been delivering this course for years. Thank you to them all."

Dates for our 2026 courses have now been released, with several already fully booked. We are also hopeful that 2026 will see the delivery of our first Scottish Acute Stroke Simulation Course.

2026 course dates, information and registration links are on the website.

[CLICK HERE](#)

The course is multidisciplinary and open to anyone involved in acute stroke care.

We are also keen to support centres interested in delivering the course locally. If you would like to observe a course or become involved, please contact us at ukstrokesimulation@gmail.com.

Finally, we are currently seeking regional representatives for the following areas and would welcome expressions of interest:

- East of England
- London
- North West of England
- Northern Ireland
- Scotland

Is your member profile up to date?

You can now access the new and enhanced BIASP membership system. This allows us to know and understand our membership better to tailor the benefits we can deliver.

Please check and update your details, ticking all options which are relevant to you, particularly any other organisations you may also be a member of.

With regards to Equality, Diversity and Inclusion please do complete these fields within your profile.

This will only take a few minutes.

[CLICK HERE](#) to login to the members area.

Member Benefits & Discounts

Benefit for Associate members moving to Full membership

We value your support as a member of BIASP and would like to offer **20% discount** for the first year of Full membership.

Benefit for Current and New Members - LTFT 20% Discount

This benefit is for members who work less than full time, if you work 8 PAs or less, when membership is due for renewal or when a new member joins.

Current members should send in their job plan to admin@biasp.org at least one month before their renewal date.

The 20% discount will be applied upon review of the job plan.

Other Association discounts available for BIASP Members

[CLICK HERE](#) for more information

ASSOCIATION
OF BRITISH
NEUROLOGISTS

NEW Reciprocal 20% Membership

Discount from 1 Feb 2025

Use code **BIASP20**

[CLICK HERE](#) for information, fees and to
join

Types of membership applicable to BIASP members are:

- Affiliate members (if a consultant or GP)
- Junior member (if a junior hospital doctor)
- Allied Health Professional membership (if a nurse, physician associate or other allied health professional)
- Ordinary and Associate membership are for Neurologists only

BIASP Mentorship Programme

**We are now going live with the new BIASP mentorship scheme.
CPD approved, 3 points**

Many of you have volunteered to become mentors, or have requested to become a Mentee.

As part of this scheme we have developed online training materials which may be of interest also to those of you who have not yet volunteered to Mentor, and are free of charge for all members to complete. CPD points on completion of mentor training.

If you already have experience of being a mentor and/or have completed an equivalent course, and wish to become a BIASP mentor, then please email admin@biasp.org to register your interest

[CLICK HERE](#) for the flyer
[CLICK HERE](#) to access the training materials

Are you interested in being mentored?

We are also looking for mentees to participate in this programme. This opportunity is open to those enrolled in early specialty training, including IMT3, in a stroke parent specialty.

Register your interest by completing the form via the link [HERE](#)

National Clinical Impact Awards 2026

The National Clinical Impact Awards 2026 round will open on **1 April**.

The application window will remain open for seven weeks, closing at **17:00 on 20 May**.

[CLICK HERE](#) for the applicant information sheet

Further communications will follow, including the 2026 Applicant Guidance and the 2025 Annual Report, which will be published soon. In the meantime, applicants wishing to prepare in advance should note that there are no substantive changes to the application process compared to 2025.

Applicants do not need permission from their employer to apply. However, employers will be asked as part of the process to confirm the accuracy of the information included in the application.

Preventing Another Stroke or Transient Ischaemic Attack (TIA) in Young Survivors Study Recruitment

Are you a health professional or member of a stroke charity or organisation?
Have you worked with or supported young stroke or transient ischaemic attack (TIA) survivors (aged 18-55 years) and/or their families?

If so, we invite you to participate in this interview study.

What Is This Study About?

This study will explore the views and experiences of delivering and promoting secondary stroke prevention to young survivors and their families.

Why Participate?

By sharing your views and experiences, you will provide valuable insights into how to better support the delivery and promotion of secondary prevention to young survivors and their families.

Interested in Participating?

If you would like to participate and/or would like more information [CLICK HERE](#) here or contact j.bennett3953@student.leedsbeckett.ac.uk

Recruitment closes 30th June 2026

NIHR's flagship '[Be Part of Research](#)' campaign

Share your study with thousands of research-ready volunteers

The NIHR Be Part of Research service has over 600,000 research-ready volunteers waiting to take part in research studies. Our free online service matches volunteers to health and care studies taking place across the UK.

The service supports a broad range of research - from lifestyle questionnaires to clinical trials - taking place at local hospitals, GP surgeries, in care or community settings or at home.

Be Part of Research can identify suitable volunteers for your study through a wide range of data including age, ethnic group, sex, location and condition. We can help you find potential participants quickly and effectively - accelerating study recruitment.

Take the hard work out of your recruitment and [add your study to the Be Part of Research service](#)

Surveys

Anosognosia After Stroke - Study Recruitment Support

 Calling all stroke clinicians and researchers!

I am now recruiting participants for my thesis research as part of my Doctorate in Clinical Psychology with The University of Exeter.

The study will explore how anosognosia after stroke is conceptualised and assessed in clinical practice and research.

If you have experience working with stroke patients or have published stroke-related research, I'd love to hear from you!

- 📄 Participate in 3 short online questionnaire rounds (20–30 mins each)
- 💖 £5 will be donated to The Stroke Association for each person who completes all 3 rounds

Your expertise will help shape future clinical assessment and intervention in the field long-term.

Neurological Alliance

THE NEUROLOGICAL ALLIANCE

The Neurological Alliance, of which BIASP is a member, has recently done a survey of the needs of people with a range of neurological diagnoses. There were over 200 people with either TIA or stroke who responded. Pain, problems with movement, fatigue, mood problems, sleep, memory, sexual function and vision were all common. These responses are consistent with other studies that have reported the long-term needs of people after stroke, and demonstrates the importance of life after stroke as an area for service development and research.

[CLICK HERE](#) to read the findings of the **My Neuro Survey** for adults and carers (including people caring for children) in England in a policy report

BIASP are a member of the Neurological alliance, which has been very busy campaigning for patients with neurological problems including stroke.

[CLICK HERE](#) to access the website

The UK Neuro Forum is being established following the #BackThe1in6 campaign, which was supported by 19,000 people and 100 organisations, including BIASP. The forum is proof that when we work together, we can achieve real change.

[CLICK HERE](#) to learn more about this landmark initiative

Together with over 30 leading organisations, we're calling for urgent action to fix the neuro workforce crisis and make it fit for the future.

Ahead of the **10-Year Workforce Plan**, we have endorsed The Neurological Alliance's consensus statement.

The statement brings together professional bodies and national health charities with a united call to strengthen the clinical neuroscience workforce. It sets out solutions to today's challenges and actions needed to secure a workforce fit for the future. Crucially, expanding the workforce is essential to improve services, care and outcomes for people with neurological conditions.

BIASP Webinar 46

Topic: CYP2C testing in Stroke - do we have enough to change our practice - a practical debate

Date: 21/04/2026

Time: 17:30 - 18:30

Speaker: Kailash Krishnan & Arvind Chandratheva

[CLICK HERE](#) to Register

Dates for your diary, further details will follow:

Upcoming 2026 Webinars

Webinar 47: 20/05/2026, Paediatric Stroke, Saras Sabanathan

Webinar 48: 17/06/2026, Resistant Hypertension in Stroke Survivors: From Diagnosis to Emerging Therapies, Jacob George & Manish Saxena

Webinar 49: 23/09/2026, CAA-ri - diagnostic pointers, differentials and approach to management, Gargi Banerjee

Webinar 50: October tbc

Webinar 51: 25/11/2026, Addressing the Post-Stroke painful shoulder, Celine Lakra

Education

Stroke MSc Programme at UCL

We are excited to be looking for applicants from all disciplines (nursing, medicine, therapies) for the **2026 Stroke Medicine MSc programme at UCL**.

There is a fees only bursary of £5000 available which will be competitively allocated. The course can be taken full or part time (over two years).

Applications are now open for 2026.

[CLICK HERE](#) to access this link

Neurotorium, Neurobehavioral Consequences of Stroke (NBCS) is now online

Five educational slide decks have been published (the 6th deck, stroke syndromes, is being developed at the moment), illustrations, an article on post-stroke language impairments, and the educational expert videos are available, [CLICK HERE](#)

These educational materials are free

Events

Upcoming events will be listed here in future, if you have an event you wish to promote please contact admin@biasp.org

1st UK LAAC (Left Atrial Appendage Closure) Summit

Date(s): 29 April 2026

Location: The Studio, 7 Cannon Street, Birmingham

This landmark meeting will bring together clinicians and allied healthcare professionals involved in the management of atrial fibrillation for an insightful and forward-looking programme focused on the evolving role of LAAC in clinical practice.

Attendees will:

- Receive updates on the latest developments in Left Atrial Appendage Closure (LAAC) and its current and emerging indications
- Discuss patient selection, referral pathways, and post-procedural management
- Explore best practice, evolving evidence, and real-world experience, particularly in light of the latest pivotal trials
