February 2026

BIASP Exec Message

Dr Jason Appleton
BIASP External Engagement Lead

Welcome to February's BIASP bulletin. It's been a long, wet Winter but Spring is around the corner!

There are still places available at the BIASP Trainees' meeting in Cardiff (12-13 March), so please consider promoting to residents, medical students, AHPs and other colleagues to attend. Please also encourage your local medical students to consider attending the joint BIASP and NANSIG half day careers webinar on 7th March to promote the diversity of stroke as a career.

We welcome two new appointments to the Trainees' Subcommittee Rachel Jennings and Dylan Bary and wish them well in their new roles. We received several applications for vacant roles in other subcommittees, and the successful applicants were Kirsty Harkness and Sandeep Buddha for Scientific and Bhavini Patel and Faisal Chaudhry for Clinical Standards. Congratulations and we look forward to working with you.

Saugata Das and colleagues in the Training & Education subcommittee have been busy reviewing the entries for the BIASP medical student essay prize (>90 applications). Congratulations to the winner, Denis Chen, who gets to present at the Trainees' Meeting in a few weeks' time.

The workforce crisis in stroke hit the headlines earlier in the New Year and we continue to work hard to ensure the voice of stroke physicians is heard and listened to across the 5 nations.

As ever, we hope you find the survey links, research update and upcoming webinar links of interest and encourage you to register for the latter. We have added a contents section below, which we hope makes navigating the bulletin easier.

Look after yourselves and each other,

Jason

Pippa Tyrrell Lecture 2026

BIASP, Stroke Association & UK Stroke Research Workshop
"Pippa Tyrrell Lecture" award for an early career researcher

In recognition of Professor Tyrrell's exceptional contributions to stroke medicine and research, we (the British and Irish Association of Stroke Physicians, Stroke Association and the UK Stroke Research Workshop Planning Committee) have established an annual "Pippa Tyrrell Lecture" at the UK Stroke Research Network meeting.

This prestigious award will include delivery of the named lecture (45 minutes), free registration for the UK Stroke Research Workshop and UKSF (where the award will also be announced), a framed certificate, and a £500 contribution to travel and accommodation.

2 March: Deadline for nominations, either self-nominated or proposed

1 April: Deadline for submission of required supporting documents by applicant

BIASP & NANSIG 1/2 Day Stroke Career Webinar

Join us at the NANSIG & BIASP online Stroke Career webinar to gain insight into this rapidly evolving field.

Saturday 7 March 2026

09:30 - 13:00

[CLICK HERE](#) to register

[CLICK HERE](#) for the flyer

Programme highlights are:

- Future of stroke (Prof Deb Lowe)
- Training pathways for stroke how to get into stroke medicine (Dr Anthony Pereira)
- Summer Bursary Winner talks
- Research in Stroke Medicine (Prof Alastair Webb)
- Upcoming NANSIG research (Joecelyn Tan)

- Life as a stroke consultant (Dr. Angela Nelmes)
- Q&A panel

BIASP & NANSIG Summer Bursaries 2026

BIASP & NANSIG Medical Student Stroke Summer Bursary Scheme 2026

Applications are invited from medical students training in any UK or Irish University to undertake a period of attachment in any UK or Irish stroke unit or research group for a period of 4-6 weeks for the purpose of engaging in research, quality improvement or clinical experience to further their knowledge of the exciting specialty of stroke medicine.

Applicants must be members of BIASP; student membership is free, [CLICK HERE](#)

Closing date is 31 March 2026

NANSIG x Imperial Conference 2026

The conference, Bridges between Brains was held on 7-8 February where Prof David Werring, BIASP Past-president was invited as a speaker on **"Stroke Medicine: Advances and Careers"**

The BIASP stall attracted significant interest, thanks to Professor David Werring's engaging and insightful lecture, as well as Dr Jessica Beavan and Dr Dexter Penn for manning the stall throughout the conference. Student engagement was exceptionally high, with many enthusiastic conversations and enquiries.

Dr Dottie Duklas, NANSIG Chair:

"We had an excellent turnout this year with over 280 delegates, and we were especially pleased with the exceptional support from BIASP - from the provided stall, Professor Werring's talk and his support as a oral presentation judge, to Dr Beavan's contribution to our panel discussion. My team and I are incredibly grateful and look forward to continue working with BIASP to promote stroke as a career to medical students and early career doctors"

BIASP Medical Student Essay Prize 2026

The Training & Education Chair and subcommittee reviewed the **95** entries received this year and are delighted to announce the winner is

Denis Chen

UK & ROI Acute Stroke Simulation Course

UK and ROI Acute Stroke Simulation Course – 2025 Update

2025 has been another highly successful year for the UK and ROI Acute Stroke Simulation Course. Over the past year, we delivered 12 courses across England, Wales and Ireland, training 125 healthcare professionals. A particular highlight was the delivery of our first Irish stroke simulation course, held in Waterford in May. We are now working closely with colleagues in both Wales and Ireland to develop a strategy that will support the expansion of further courses in both countries.

Feedback from participants continues to be extremely positive. One recent attendee commented:

"I thought this was wonderful. It has been massively helpful to me and improved my perspective and confidence. This kind of multidisciplinary course, with participants at varying levels of seniority, is exactly what's needed to develop emergency and on-call stroke skills. I was very nervous beforehand as I wasn't sure what to expect, but that wasn't necessary at all. The faculty were incredibly welcoming and skilled at facilitating feedback and discussion — you would think they had been delivering this course for years. Thank you to them all."

Dates for our 2026 courses have now been released, with several already fully booked. We are also hopeful that 2026 will see the delivery of our first Scottish Acute Stroke Simulation Course.

2026 course dates, information and registration links are on the website.

[CLICK HERE](#)

The course is multidisciplinary and open to anyone involved in acute stroke care.

We are also keen to support centres interested in delivering the course locally. If you would like to observe a course or become involved, please contact us at

ukstrokesimulation@gmail.com.

Finally, we are currently seeking regional representatives for the following areas and would welcome expressions of interest:

- East of England
- London
- North West of England
- Northern Ireland
- Scotland

Is your member profile up to date?

You can now access the new and enhanced BIASP membership system. This allows us to know and understand our membership better to tailor the benefits we can deliver.

Please check and update your details, ticking all options which are relevant to you, particularly any other organisations you may also be a member of.

With regards to Equality, Diversity and Inclusion please do complete these fields within your profile.

This will only take a few minutes.

[CLICK HERE](#) to login to the members area.

Member Benefits & Discounts

Benefit for Associate members moving to Full membership

We value your support as a member of BIASP and would like to offer **20% discount** for the first year of Full membership.

Benefit for Current and New Members - LTFT 20% Discount

This benefit is for members who work less than full time, if you work 8 PAs or less, when membership is due for renewal or when a new member joins.

Current members should send in their job plan to admin@biasp.org at least one month before their renewal date.

The 20% discount will be applied upon review of the job plan.

Other Association discounts available for BIASP Members
[CLICK HERE](#) for more information

ASSOCIATION
OF BRITISH
NEUROLOGISTS

NEW Reciprocal 20% Membership
Discount from 1 Feb 2025

Use code **BIASP20**
[CLICK HERE](#) for information, fees and to
join

Types of membership applicable to BIASP members are:

- Affiliate members (if a consultant or GP)
- Junior member (if a junior hospital doctor)
- Allied Health Professional membership (if a nurse, physician associate or other allied health professional)
- Ordinary and Associate membership are for Neurologists only

BIASP Mentorship Programme

**We are now going live with the new BIASP mentorship scheme.
CPD approved, 3 points**

Many of you have volunteered to become mentors, or have requested to become a Mentee.

As part of this scheme we have developed online training materials which may be of interest also to those of you who have not yet volunteered to Mentor, and are free of charge for all members to complete. CPD points on completion of mentor training.

If you already have experience of being a mentor and/or have completed an equivalent course, and wish to become a BIASP mentor, then please email admin@biasp.org to register your interest

[CLICK HERE](#) for the flyer
[CLICK HERE](#) to access the training materials

Are you interested in being mentored?

We are also looking for mentees to participate in this programme. This opportunity is open to those enrolled in early specialty training, including IMT3, in a stroke parent specialty.

Register your interest by completing the form via the link [HERE](#)

Research Updates & Opportunities

If you have any research opportunities you would like us to promote please email admin@biasp.org

Updates

Research

Thrombolysis on anticoagulation

2025's UK stroke forum offered many fascinating updates from debates around surgical management of intracerebral haemorrhage to the current evidence surrounding mechanical thrombectomy of medium vessel occlusions.

Preventing Another Stroke or Transient Ischaemic Attack (TIA) in Young Survivors Study Recruitment

Are you a health professional or member of a stroke charity or organisation?
Have you worked with or supported young stroke or transient ischaemic attack (TIA) survivors (aged 18-55 years) and/or their families?

If so, we invite you to participate in this interview study.

What Is This Study About?

This study will explore the views and experiences of delivering and promoting secondary stroke prevention to young survivors and their families.

Why Participate?

By sharing your views and experiences, you will provide valuable insights into how to better support the delivery and promotion of secondary prevention to young survivors and their families.

Interested in Participating?

If you would like to participate and/or would like more information [CLICK HERE](#) here or contact j.bennett3953@student.leedsbeckett.ac.uk

Recruitment closes 30th June 2026

NIHR's flagship '[Be Part of Research](#)' campaign

Share your study with thousands of research-ready volunteers

The NIHR Be Part of Research service has over 600,000 research-ready volunteers waiting to take part in research studies. Our free online service matches volunteers to health and care studies taking place across the UK.

The service supports a broad range of research - from lifestyle questionnaires to clinical trials - taking place at local hospitals, GP surgeries, in care or community settings or at home.

Be Part of Research can identify suitable volunteers for your study through a wide range of data including age, ethnic group, sex, location and condition. We can help you find potential participants quickly and effectively - accelerating study recruitment.

Take the hard work out of your recruitment and [add your study to the Be Part of Research service](#)

Surveys

Stroke Association Focus Groups – March and April 2026

The Stroke Association is seeking information to support work on modelling the current and future costs of stroke. Your insights will help influence government and NHS decision-makers to invest in stroke treatment.

If you currently work with stroke survivors and would be willing to join a **50 minute online focus group**, please take the [short 5 minute survey](#) to register your interest.

Please do share with colleagues – those working with stroke survivors from any clinical background are welcome to register interest.

Closing Date 13 March 2026

Anosognosia After Stroke - Study Recruitment Support

 Calling all stroke clinicians and researchers!

I am now recruiting participants for my thesis research as part of my Doctorate in Clinical Psychology with The University of Exeter.

The study will explore how anosognosia after stroke is conceptualised and assessed in clinical practice and research.

If you have experience working with stroke patients or have published stroke-related research, I'd love to hear from you!

 Participate in 3 short online questionnaire rounds (20–30 mins each)
 £5 will be donated to The Stroke Association for each person who completes all 3 rounds

Your expertise will help shape future clinical assessment and intervention in the field long-term.

National Clinical Impact Awards 2026

National Clinical Impact Awards (NCIAs) will open on the 1st of April 2026. Further information and resources will be shared with members when available.

Neurological Alliance

THE NEUROLOGICAL ALLIANCE

The Neurological Alliance, of which BIASP is a member, has recently done a survey of the needs of people with a range of neurological diagnoses. There were over 200 people with either TIA or stroke who responded. Pain, problems with movement, fatigue, mood problems, sleep, memory, sexual function and vision were all common. These responses are consistent with other studies that have reported the long-term needs of people after stroke, and demonstrates the importance of life after stroke as an area for service development and research.

[CLICK HERE](#) to read the findings of the **My Neuro Survey** for adults and carers (including people caring for children) in England in a policy report

BIASP are a member of the Neurological alliance, which has been very busy campaigning for patients with neurological problems including stroke.

[CLICK HERE](#) to access the website

The UK Neuro Forum is being established following the #BackThe1in6 campaign, which was supported by 19,000 people and 100 organisations, including BIASP. The forum is proof that when we work together, we can achieve real change.

[CLICK HERE](#) to learn more about this landmark initiative

Together with over 30 leading organisations, we're calling for urgent action to fix the neuro workforce crisis and make it fit for the future.

Ahead of the **10-Year Workforce Plan**, we have endorsed The Neurological Alliance's consensus statement.

The statement brings together professional bodies and national health charities with a united call to strengthen the clinical neuroscience workforce. It sets out solutions to today's challenges and actions needed to secure a workforce fit for the future. Crucially, expanding the workforce is essential to improve services, care and outcomes for people with neurological conditions.
